DE BACKUP MAKEN	2
BACKUP OVERZETTEN NAAR JE EIGEN PC	4
UITLOGGEN UIT DIRECTADMIN	5

Waarom en wanneer een backup

Doe deze backups voorafgaand aan updates van Wordpress, grote aanpassingen aan sites en updates van plugins.

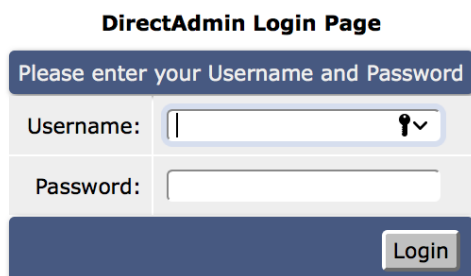

Let op: heb je een restore nodig, neem dan contact op met wwXL. Terugzetten van een backup kan er voor zorgen dat (bijvoorbeeld) alle nieuwe e-mails weg zijn als je verkeerde keuzes maakt bij het terugzetten.

Inloggen in direct-admin

Inloggen in direct admin is handig om van individuele sites een back up te kunnen maken. Alle sites die aangepast worden moeten vooraf ook deze individuele back up krijgen.

<http://srv07.wwxl.nl:2222>

U ziet dan dit scherm:

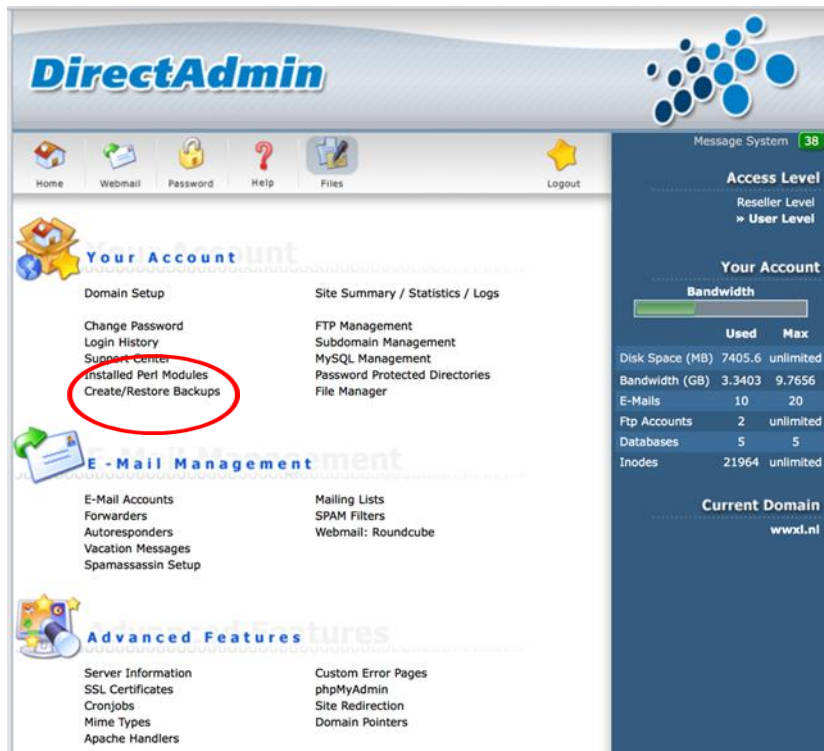

The image shows a login form titled "DirectAdmin Login Page". At the top, it says "Please enter your Username and Password". There are two input fields: "Username:" and "Password:". The "Username:" field has a small key icon and a dropdown arrow. Below the fields is a "Login" button.

Username : de username van directadmin uit uw welkomstbrief

Password: het password van dit account, meestal per sms aan u verzonden

De backup maken

Druk in het home scherm op Create/restore backups:

DirectAdmin

Backup overzetten naar je eigen PC

Als de backup klaar is, kun je via files (rechts bovenin home scherm) naa het mapje backups gaan. Door op de laatste backup te klikken, haal je het bestand over naar je eigne computer en heb je dus een reserver kopie op je eigen computer staan.

The screenshot shows the DirectAdmin interface. The top navigation bar includes icons for Home, Webmail, Password, Help, Files (circled in red), and Logout. The main content area is divided into sections: 'Your Account' (Domain Setup, Change Password, Login History, Support Center, Installed Perl Modules, Create/Restore Backups), 'E-Mail Management' (E-Mail Accounts, Forwarders, Autoresponders, Vacation Messages, Spamassassin Setup), and 'Advanced Features' (Server Information, SSL Certificates, Cronjobs, Mime Types, Apache Handlers). A right-hand sidebar displays 'Message System' (38), 'Access Level' (Reseller Level, User Level), 'Your Account' statistics (Bandwidth, Disk Space, E-Mails, Ftp Accounts, Databases, Inodes), and 'Current Domain' (wwwl.nl).

The screenshot shows the DirectAdmin file manager interface. A table lists files and folders with columns for Type, Name, Size, Perm, Action, Date, UID, GID, and Select. The 'backups' folder is circled in red. Below the table are various action buttons like 'set Permissions', 'Recursive', 'Reset Owner', 'Add to Clipboard', and 'Details'. At the bottom, there are options to 'Create New Folder', 'Create New File', and 'Upload files to current directory'.

Type	Name	Size	Perm	Action	Date	UID	GID	Select
php		8.11k	770	Rename Copy Reset Owner Recursively	Oct 17 00:10 2018	wwwlresel	apache	<input type="checkbox"/>
spamassassin		4.02k	770	Rename Copy	Oct 9 11:48 2018	wwwlresel	mail	<input type="checkbox"/>
mail		10.8M	770	Rename Copy	Oct 9 11:48 2018	wwwlresel	mail	<input type="checkbox"/>

Tip: Let er op dat u de meest actuele versie uit de lijst kiest.

Uitloggen uit directadmin

De knop Logout rechtsboven brengt je je uit directadmin.

The screenshot shows the DirectAdmin dashboard. The 'Logout' button, represented by a yellow star icon, is circled in red. The dashboard includes sections for 'Your Account', 'E-Mail Management', and 'Advanced Features', along with a 'Message System' notification and an 'Access Level' indicator.
